

# FlexiLine

## Applications

FlexiLine mats are suitable for all industrial and commercial areas. The supple and hard-wearing material offers a good alternative to conventional rubber mats as it is much more durable. The mats are frequently used as runners in corridors or mats on workbenches.

## The benefits at a glance

- The vinyl mats are resistant to most common oils, greases and acids
- Light insulation and protection of the floor against wear and tear
- Temperature-resistant from – 23°C up to +60°C
- Good noise absorption
- Loose laid, no fixing required
- Easily to cut to any size to suit individual on-site requirements
- Easy to clean

## Instructions for use and cleaning

- The mat can be installed without extra fixing or gluing
- The material is very hygienic and can be washed down or swept

## Properties

In conformity  
with REACH

High-  
durability

Chemical-  
resistant

## Specifications

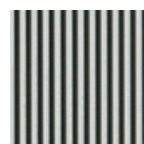

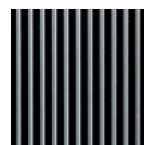

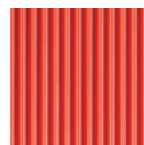

Art Nr.:

Sizes: 100 x 2500 cm

Thickness: 2 mm

Weight: 2.2 kg / lfm

Colours:

red  
black  
grey

Material: 100 % PVC  
80 Shore A+/- 5

Surface: ribbed

Accessories: -

## Properties

Flame-resistance:

-

Chemical-resistance:

DIN 51958

Slip-resistance:

-

Effective drain-through and aeration:

-
